Hi

## **We've reviewed your enquiry**

Thank you for your enquiry.

We can confirm that our team has attended the reported location where the felling works were undertaken, and completed an inspection.

We have no plans to introduce a crash barrier at this location. However we will be considering the introduction of some warning signage to alert road users, in line with other local priorities,

Thank you for bringing this matter to our attention.

**You can track the progress at any time using this link:**

### **Here's a summary of what you've reported:**

Enquiry reference: EI/219813

Date Submitted: 27-September-2024

Problem Description: Recent tree felling in vicinity has left significant risk in an event of accident and in wintry conditions of car and passengers falling considerable distance in height. Suggest crash barrier instalment.

Kind regards,  
Cumberland Highways
