

20. CALC AGM

The AGM is a fantastic opportunity for us to connect with other local councils, discuss key regional issues, and stay updated on sector developments. The meeting is open to all councillors and clerks, and there is no limit on how many of us can attend. I have already forwarded a poster with the event details.

While both the Clerk and multiple members from our council can attend the event, we are only permitted to delegate voting authority to one person to vote on the council's behalf. With that in mind, could you please let me know if you are planning to attend? Additionally, we will need to formally decide if the council wishes to delegate voting authority to one of our attendees to represent us during the motions.
